

Fishing Clinic Registration and Consent- Photo Release Form - 2009

Please print this form, complete, sign, and mail to the address below.

You cannot submit this form as an email or a fax.

The Maryland Department of Natural Resources takes our responsibility with children seriously. We always obtain the written permission of parents or guardians prior to having children participate in any DNR program. We ask for written permission instead of an online registration because we have no practical way of verifying that an adult has entered the information. This may seem like an extra step, but it is one we implemented in the best interests of you and your children.
