Point of Contact: Jim Thompson - DNR
Structure Type: Concrete Dam
Type of Passage: Removal
Miles Reopened: TBD
Target Species:
Start / Finish Date:

PROJECT BUDGET

Project Partner	Design	Construction
Estimated Cost	\$45,000 est	\$200,000 est
Total		

Codes: (S)-Secured, (A)-Applied

COMMENTS

LAST UPDATED – 11/01/11

Following a near-drowning incident by a 15 year old girl in late June of 2009, the City of Hagerstown contacted DNR Fish Passage with options to increase public safety, including removal of the dam. The dam owner was contacted and is interested in dam removal as long as water withdrawal for nearby business's could be maintained. The dam owner recently met with a contractor to discuss removal options.
